

ADDRESS SIGN PROGRAM

Aurora Rural Fire Protection District

Every second counts when Fire, Police & Medical personnel are responding to an emergency 911 call. Aurora Fire is concerned about locating people during their time of need when every second counts. Although we have technology and maps to assist us in locating the general area of a residence, a clearly marked address is still the most valuable thing you can have to assist us in finding you. By purchasing a highly visible address sign and allowing us to place it in a location we feel is clearly visible for first responders, you are increasing the odds of us being able to quickly find you and help you with your emergency. These signs are made of high quality vinyl over metal plates, they are made from highly visible colors and reflective 3 inch numbers so we can see them day or night.

This program is for residents that live within the Aurora Rural Fire Protection District boundaries, and are **outside** the city limits of Aurora or Donald.

Please chose the sign you would like to order below.

Check One	Sign Type	Cost
	Single 5"x27" Sign (Single Sided)	\$30.00
	Single Address 5"x27" Sign (Double Sided)	\$35.00

CUSTOM ADDRESS SIGN ORDER FORM

(NO PAYMENT NECESSARY UNTIL PROVIDED WITH A QUOTE)

The Aurora Fire District is capable of ordering custom signs for multiple addresses if needed. There are many locations that have shared driveways or split driveways that make it very difficult for first responders to determine which direction to go to find an address.

List the number of Addresses you need to have on your sign:

Address numbers (Left to right with each line being a new address):

						Arrow Direction
Line 1						
Line 2						
Line 3						
Line 4						
Line 5						

Arrows may be added to point the direction the first responder should go for the listed address if necessary. Please keep in mind the location of the sign. You can arrange a meeting with one of our firefighters to discuss the best location for the sign and determine if arrows are necessary for locating the address.

Prices may vary depending on custom orders. The estimate chart below lists the more common signs ordered and their estimated prices. Please keep in mind that we will provide you with a price quote prior to ordering your custom sign.

Sign Type (All estimates single sided)	Estimated Cost
Two Address Sign	\$60.00
Three Address Sign	\$66.00
Four Address Sign	\$72.00
Five Address Sign	\$80.00
